OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 7 March 1952

STATINTL 2. (Unclassified - GLC) [redacted] OSI, called and requested
a copy of the Joint Committee on Atomic Energy's classified portion
(Part 2) of its study of the new production reactor at New Hanford. I
STATINTL advised [redacted] I would look into this and be in touch with him.

3. (Unclassified - GLC) William Darden, on the Senate Armed
Services Committee staff, called and said that a newsmen from North
Carolina had asked him where Powers landed when he returned to the
U. S. Darden said if possible he would like to be helpful to this individual
but he did not know whether this information could be disclosed. I advised
Darden that inasmuch as the arrangements which were involved concerned
other departments and agencies, I suggested that this information not be
given to the press. Darden said he understood. He also asked the address
STATOTHR of Oliver Powers and this was given to him. Darden said Senator Byrd
wanted this information so he could write a letter to Powers' parents.
